

Lux Carbon Standard

Pricing Policy

We are committed to democratizing carbon projects throughout Brazil, seeking to make participation and contribution opportunities for reducing greenhouse gas emissions accessible to all who wish to actively participate in mitigating climate change.

Through a transparent and fair pricing policy, we aim to lead not only in the quality and validation of carbon credits, but also in the economic viability of these projects.

We relentlessly pursue operational efficiency to ensure competitive costs, ensuring that total cost leadership translates into tangible benefits for our partners and the environment.

Blumenau, SC, February 6, 2024.

Removal Program

Individual Project

Stage	Part	Parameter	Price
Certification Process Fee	LuxCS	Less than 100 hectares	R\$ 20.000,00 ¹
		100 to 500 hectares	R\$ 30.000,00 ¹
		Larger than 500 hectares	R\$ 50.000,00 ¹
Viability Analysis	Certified Project Designer ²	-	-
Validation	Third-party audit ^{2 3}	-	-
Project Development	Certified Project Designer ²	-	-
Verification	Third-party audit ^{2 3}	-	-
Credit Registration Fee	LuxCS	Up to 10,000 credits	R\$ 1,88
		Above 10,000 credits	R\$ 1,25

Ivan Xavier Junior
Chief Operating Officer

Luana Tiara Hoffmann
Forest Coordinator

¹ This amount can be divided into two moments, 50% after the registration of the area(s) on the Electronic Platform and 50% after the validation stage. The payment method can be defined with the financial sector of LuxCS.

² The fees of the Certified Professional and the Third Party Audit may vary according to each professional or contracted company, and the commercial agreement between the parties does not involve LuxCS.

³ The audit firm is chosen randomly by the Electronic Platform, within criteria of proximity and avoiding any conflicts of interest.
